## NEWS OF INTEREST TO RPMH EMPLOYEES

### EMPLOYEE OF THE MONTH

Congratulations to James Brogan, our July Employee of the Month! James was hired as a Security Officer April 7, 2014. He was nominated for Employee of the Month by a co-worker that said, "James is an asset to RPMH. He goes above and beyond duty to protect the patients and employees of the hospital. He never hesitates when asked to walk with a person leaving the building late at night." James was a 1987 graduate of Conway High School in Conway, Missouri. He served as Military Police in the US Army from 1987-1993. Ham radio is an interest of his, and he recently passed his General Ham Radio license test! James and his wife, Misty (an RPMH Admission Clerk) live in Sweetwater. Thank you James! We appreciate all that you do.

## HENRIETTA

## THE HIPAA HIPPO

## HENRIETTA THE HIPAA HIPPO: LOG OUT!!

Employees are reminded continuously to log out of CPSI when not using the system. This task of logging on and logging off continuously throughout the day can get mundane, but do you know why? Of course, one reason is to protect the privacy of our patients, but it is also for YOUR own protection as an employee. CPSI keeps a log of all employee accesses and what was specifically accessed on a patient account. If you were to stay logged in, any employee could jump on your session and access information and the system will log that it was you who accessed it. We check these logs on a continuous basis and if the logs show that you accessed something inappropriately, you will face the consequences of that access. Another tidbit for your protection—if you access an account in error, please notify the HIPAA Security Officer, Rhonda Guelker (phone at ext. 238 or email through the CPSI system), and she will put a note on the account indicating this.
